EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for becoming licensed as a real estate salesperson or broker in the Commonwealth of Virginia. You need to pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes and regulations relating to real estate. The Department has contracted with PSI to conduct its examination program. PSI provides examinations through a network of computer and paper-and-pencil examination centers in Virginia. PSI works closely with the Department of Professional and Occupational Regulation and its Examination Review Committee to be certain that examinations meet local as well as national requirements in basic principles of real estate and examination development standards.

The following are the examinations offered by PSI Examination Services:

Real Estate Salesperson Examination
Real Estate Broker Examination

Each examination consists of state and national portions. You must pass both portions to apply for licensure. Only the state portion must be passed if applying by reciprocity.

All questions and requests for information about examinations should be directed to:

EXAMINATION QUALIFICATIONS

Applicants for the Virginia Real Estate Examinations must be at least 18 years of age and must meet 1 of these additional requirements:

1. Complete the required pre-license education before taking the examination (See the *Virginia Real Estate Board Regulations, Real Estate License Laws* for details).
2. Be licensed to practice real estate in another state.

Licenses of other states will be required to take ONLY the state portion of the Virginia Real Estate License Examination.

INSTRUCTIONS FOR LICENSE QUALIFICATION

To make the license qualification process go as smoothly as possible, be certain that you:

1. Applicant must have, at a minimum, a high school diploma or its equivalent.
2. Obtain the appropriate number of hours of education in advance of registering for the examination.
3. Prepare for the examination by using the examination outline in this Candidate Information Bulletin and the suggested study materials that cover the outline topics.
4. Be sure to take proper identification with you to your scheduled examination appointment (details found on page 9).
5. After you have passed the appropriate portions of the PSI licensing examination, submit your license application form, any other required information, and the correct fees to the Virginia Department of Professional and Occupational Regulation. (See "License Application Instructions").
6. Fingerprinting is mandatory. Before submitting an application for a **Virginia real estate license, each applicant** must submit a set of fingerprints to the Virginia Central Criminal Records Exchange for the purpose of conducting a state and national fingerprint-based criminal history record. You will be electronically fingerprinted at one of PSI Virginia sites, during regular testing hours. The Johnson City, TN and Salisbury, MD test sites do not offer fingerprinting. Contact the Board if you cannot be electronically fingerprinted at a PSI Virginia site.
7. Once fingerprinting is done, the license application must be received by the Board within 45 calendar days of the Board's receipt of the fingerprint results or the applicant will have to pay to be fingerprinted again before a license will be issued.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your license examination. Planned preparation, in addition to the required classroom hours, increases your likelihood of passing.

- Start with a current copy of this Virginia Real Estate Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Read the Real Estate Regulations found at <http://www.dpor.virginia.gov/uploadedFiles/Main>

[Site/Content/Boards/Real_Estate/A490-02REGS.pdf](#)

- Take notes on what you study. Putting information in writing helps you commit it to memory, and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

The following is a list of possible study materials for the real estate examinations. The list is given to identify resources and does not constitute an endorsement by PSI or by the Virginia Department of Professional and Occupational Regulation. The examinations are closed book.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

TEST QUESTION SCREEN

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out

EXPERIMENTAL ITEMS

A small number of "experimental" questions (i.e., 5 to 10) may be administered to candidates during the examinations. These questions will not be scored, and the time taken to answer them will not count against testing time. The administration of such unscored, experimental questions is an essential step in developing future licensing exams.

EXAMINATION REVIEW

PSI, in cooperation with the Department of Professional and Occupational Regulation, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidates' results and adjust them accordingly. **This is the only review of the examination available to candidates.**
